

Required Customer Information

Customer _____ Plant _____ Received Date _____
Address _____ State _____ Zip _____ Due Date _____
City _____ Fax _____ Contact _____
Phone _____
E-mail _____

Budgetary Firm Cycle Time Study Reach/Payload Study Simulation Other _____

Process Information

Application _____ Bead _____ Spray _____ Other _____
Required system throughput _____ # of parts per min hour shift _____ other _____
Are process description sheets available? _____
Brief description of process: _____

Are area layout drawings available? _____ On disk? _____

Responsibilities

Customer supplied:

Nozzle	Pump	Fixture	Turntable	_____
Riser	7 th Axis	Light screen	Safety mat	_____
Hosing	Breakaway	Safety fencing	Purge recovery	_____
System PLC	Integration	Programming	Installation Support	_____

NRS supplied: Robots: Model _____ Quantity _____

Options _____

Part Mock-up	Run-off			
Nozzle	Pump	Fixture	Turntable	_____
Riser	7 th Axis	Light screen	Safety mat	_____
Gripper	Breakaway	Safety fencing	Purge recovery	_____
System PLC	Integration	Programming	Installation Support	_____

Part Information

Part Name _____ Material Data Sheets _____
Part Material _____ Preferred Pump System Supplier _____
Bead Size _____
Part Weight _____
Machine and Tooling Drawings, Available? _____

Are CAD drawings of the part available?

If so, what format? _____ AutoCAD _____ CATIA NRS can accept files over e-mail,
_____ IGES _____ ROBCAD 3.5" floppy, or 4mm DAT tape
